1. Introduction 简介

Background 背景资料

In 2008, Oklahoma State University (OSU) and Southwest Jiaotong University (SWJTU) signed an MOU and a reciprocal exchange program agreement to initiate student exchange programs. In Feb 2010, the OSU Provost signed a subsequent agreement with the SWJTU President to establish twining degree programs in civil engineering and business. The second activity agreement signed with SWJTU further enhanced collaboration between the two institutions. Meanwhile, SWJTU has already sent senior administrators to attend the OSU International Symposium on Student Affairs each of the last two summers to increase faculty and staff exchange. More than 30 students from SWJTU have been studying at OSU as part of degree or exchange programs. This recent activity has laid the foundation for a strong international partnership that should last throughout many years. The following proposal for an OSU Summer Institute for SWJU students is an additional effort to enhance this long-term collaboration.

2008年, 俄克拉何马州立大学(OSU)与西南交通大学(SWJTU)签署了合作备忘录及交换学生备忘录, 标志着两校学生交换项目的全面启动. 2010年2月, OSU教务副校长与SWJTU校长共同签署了土木工程及商学双学位合作项目, 进一步加强了两校的学术合作. 同时, SWJTU先后派遣中层以上学生事务管理者参加OSU年度国际学生事务研讨会, 增进两校教职员工的交流与合作. 近年来, OSU 已经接收了三十几名SWJTU的优秀学生进行短期交换或双学位深造. 建筑学院暑假学术殿堂项目将进一步加强两校的深层次的长期大学合作伙伴关系.

About the Proposal 项目概述

This proposal was prepared by the OSU International Students and Scholars Office in response to SWJTU's request for enhancing the international experience of College of Architecture. The program is a joint effort of OSU's College of Agricultural, Sciences & Natural resources, and the Student Affairs Division. The proposed program consists of a two-week educational component that includes weekend cultural enrichment activities. The proposed dates are July 15 to July 30, 2012.

该项目计划是由OSU国际学生学者办公室根据SWJTU的建筑学院的培养计划而制定的, 旨在增强建筑学院优秀学生的国际意识和国际教育背景. 项目计划由OSU农业科学与自然资源学院, 及学生事务部共同协作承办. 项目计划为两周集中课程学习及周末文化体验活动. 预计时间为2012年7月15日至7月30日.

内容一: 景观建筑课程

课程简介:

Component 2: American Cultural Studies and English Language studies

The course will cover cultural studies on American history, American government and American Society. It is also designed to help students improve their academic English language skills, including academic writing and oral presentation.

内容二: 美国文化及英语学习课程

该课程将涵盖美国历史, 美国政府和美国社会的文化研究。同时, 帮助学生提高学术英语语言技能, 包括学术写作和口头报告的技能。

Component 3: Leadership Development

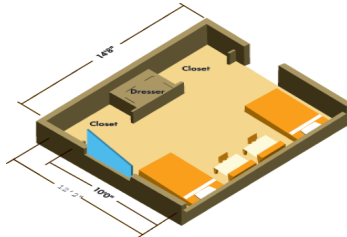

Enrichment activities and formal lectures to facilitate students develop skills, knowledge and abilities to proactively take the initiatives to make productive, beneficial choices about their lives as well as contribute to society. The program will be designed to prepare students to be leaders in engineering from a cultural and social perspective.

内容三: 领导力培养

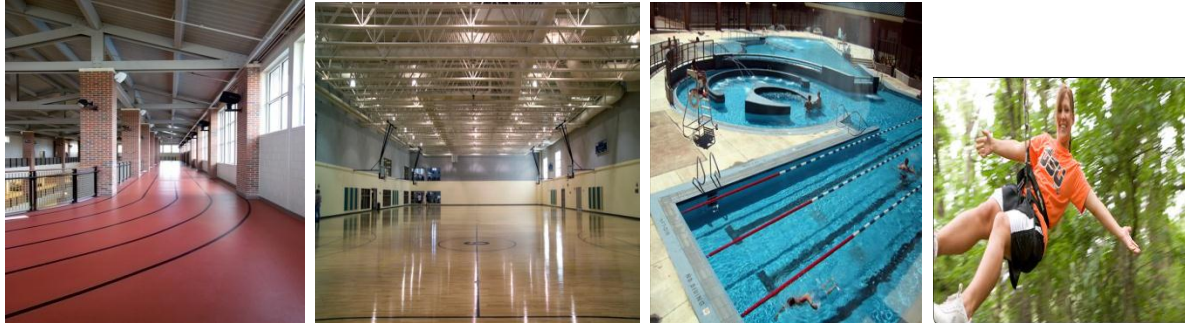

项目通过团体体验活动及讲座帮助学生进一步了解, 掌握和运用领导力的知识的技巧, 使学生能够在今后的学习生活中能够主动运筹帷幄, 为个人和社会做出有益贡献. 该内容旨在从文化和社会的层面培养的具有领导才能的工程师.
